Watford Film Society

Watford Film Society brings community cinema to the big screen of the modern, comfortable Clarendon Muse. Each month the Society will screen recently released films not generally available on the mainstream circuit, plus some all-time classics, prize-winning foreign language movies and the occasional surprise. Along with the main feature, evenings may include supporting events, as well as an opportunity to chat over a drink in the Muse's airy foyer. Refreshments will be on sale. Because of licensing restrictions we cannot sell alcohol so if you would like wine or beer, please do 'bring-your-own' and we will provide both bottle openers and glasses.

We look forward to seeing you at our next screening!
